Summary of Major Duties for open positions-

Design and build your future with Universal Creative!

The Universal Creative Division of NBC Universal Parks and Resorts in Orlando, FL is seeking qualified candidates for the following positions:

Senior Show Engineer

In this position, you will provide show systems technical guidance for attraction(s) under your supervision. You will be responsible for the technical support of the successful specification, design, production, installation and acceptance testing of the show systems, to include Audio, Special Effects, Projection, Lighting, Set/Scenic, Props, Show Action Equipment, Animated Figures and Show Control Systems.

Ideal candidate must possess a Bachelor's degree in Mechanical Engineering or Electrical Engineering; 3-5 years of vendor management experience; significant in-field installation related experience; and 8-10 years of related engineering experience. One-three years of experience with contract law and practices in the theme park and/or construction industries and 5-7 years of theme park specific experience preferred.

For immediate consideration, please e-mail your resume and cover letter to: creative-talent@universalorlando.com . Please put "Senior Show Engineer" in the subject line. EOE.

Facility Design Manager

In this position, you will oversee and manage the Architectural and Engineering design and construction administration effort within a specific area of a project, as well as manage the resources, finances and schedule of that project.

Ideal candidate must possess a Bachelor's degree in Engineering, Construction Management, Architecture or related field (Master's degree preferred); 1-3 years of Turn-key projects experience, specifically within the entertainment/theme park industry; and 7-10 years of relevant design and construction/project management experience. Supervisory and contract/vendor management experience preferred.

For immediate consideration, please e-mail your resume and cover letter to: creative-talent@universalorlando.com . Please put "Facility Design Manager" in the subject line. EOE.

Technical Manager

In this position, you will provide technical guidance and contract management for an attraction or all attractions under your area of responsibility. You will be responsible for the technical support of the successful specification, design, production, installation, and acceptance testing of the Show and Ride systems, to include Audio, Special Effects, Projection, Lighting, Set/Scenic, Animated Props, Show Action Equipment, Animated Figures, Ride Mechanical Systems, Ride Control, and Show Control Systems.

Ideal candidate must possess a Bachelor's degree from a four year college or university in Mechanical Engineering or Electrical Engineering is considered; 3-5 Years: Required Vendor Management experience with significant in-field installation related experience. 1-3 Years: Preferred experience with contract law and practices in the theme park and/or construction industries. 5-7 Years: Required related experience. Theme Park specific experience is highly preferred; or equivalent combination of education and experience.

For immediate consideration, please e-mail your resume and cover letter to: creative-talent@universalorlando.com . Please put "Technical Manager" in the subject line. EOE.

Estimator

In this position, you will generate initial project budget estimates and review the design development packages to ensure the design intent is tracking on budget.

Ideal candidate must possess an Associate's degree from a two year college or technical school; 5-7 years of on-site construction and estimating experience on themed entertainment projects; and knowledge of show and ride estimating and facility impacts.

For immediate consideration, please e-mail your resume and cover letter to: creative-talent@universalorlando.com . Please put "Estimator" in the subject line. EOE.
